Inbentory and Remnant Sales Combined--Friday

Remnant Day this week follows immediately after our annual inventory taking.

Everybody's been exceedingly busy and you'll probably not find as many items mentioned as usual for

Stock taking, though, has done one thing and that is it has brought out all the odds and ends, the stray pieces, short lengths and remnants of all kinds in every department of the store.

What we haven't had a chance to tell you about in the store news you'll find on the counters Friday

morning when you come in. We're anxious, of course, to dispose of all the winter's stock as soon as possible, and now that we know just exactly what we have, you'll find prices will come down all around, in order that we may make room for new

stocks in every department. We know, of course, it means in very many cases selling at cost and even below it, and in no case is there hardly the semblance of a profit.

Experience has shown us that it's better to take a little loss now than a greater one later.

Linens, Domestics, Wash Goods, Etc.

You'll notice in all these departments we've only mentioned a few items with prices. Been so busy taking stock and marking down the odds and ends that we've spoken of only two or three

in each department. Prices have been cut in many instances one-half and it's the best opportunity you'll have this winter of getting exceptionally good things for such low figures.

Nowhere in the store has stock-taking been felt more in reduced prices than in this department. You'd be, perhaps, surprised to know what a largely-increased business we've done this year. We bought largely in anticipation of it.

Impossible, of course, to estimate just exactly what will be sold, and, therefore, we have some of this season's garments still in stock and correct in every particular. You'll see from the sample items below just how much you can save.

Result Will be Profitable to the City, No Matter Who

Gets the Contract. There is likely to be a big fight for the privilege of furnishing electric lights to the city, when the contract is given out this spring. Both the Passenger and Power Company and the Virginia Elec-trical Railway and Development Com-

pany will make blds.
The city now has 544 lights, for which It is paying 15 cents a light per night. Less than ten years ago the cost to the city was 30 cents. At that time there was a question before the Council as to the feasibility of establishing and maintaining a plant, and then it was that the rate was cut to its present figure

the rate was cut to its present figure by the electric light company.

The present figure is considered low.
Statistics and reports show that there are but two cities in the country with lower rates, and it is said that the company barely clears itself in the trans-action.

In its bid for appropriations for the

coming year, the Light Committee asks for \$34,000 for electric lights. This covers the amount to be paid for 544 lights. When the matter reaches the Finance Committee in its work of making up the budget, bids from the Development Company and the Passenger and Power Con pany will confront them.

In their efforts to secure the contract the two companies will endeavor to out-bid each other, and it is said by some city officials that it is not improvable that the proposition now before the Manchester Council will be paralleled. Since the new machinery has been in-stalled in the plant of the old company, that company has been reaching out that company has been reaching out. Its service has improved, and now it is a fight between the old and the new companies, with possible reductions in prices all along the line.

The present Council will deal with the matter, and there are some lively times in anticipation when the fight comes before that body.

fore that body.

The Passenger and Power Company, through its counsel, Captain A. B. Gulgen, stated that the offer to supply Manchester with seventy lights free of cost was made in good faith. The bid of the Development Company was \$50 per light per annum. This is just about \$2 less a year than the city is now paying the Passenger and Power Company. When bids are made here for the 544 lights, the price will, naturally, be less than that made in Manchester, and the

DAY IN THE POLICE COURT. Friends Had a Disagreement and One Cut the

Other. Vagrants, thieves and the usual as sortment of minor cases were before Jus-tice Crutchfield yesterday in the Police

Court. In addition to these, was the case of two intimate friends, one of whom had hit the other in the face, and some tears flowed, figuratively. The friendship on one side was very pronounced; on the other it didn't count for so much. This was the case of William Tyler against George Thomb. Tyler and Thomb

had been drinking early yesterday morn-ing, and as they were going out Thomb announced that ne could whip Tyler. announced that he could whip fyel. Tyler asked him, as a personal favor, not to do it, because he had to go to work, but, in spite of this, Thomb hit him just above the left eye. Therefore, since the attendance of students on the College has run up far beyond the two hundred mark, and at least half way between that and the three hundred limit, lecture rooms have been at a premium. The question has been a pressing one how to get them. There is not ground there to build them on. But at least some relief is in sight since is not ground there to built them only the Memorial Hospital at Broad and Twelfth Streets will soon be completed. Prize-Fighter and a C. & O. Brakeman Up for Robbery.

One of the boldest highway robberies ever committed in this city was that of Wednesday evening last, when two men ever committed in this city was that of Wednesday evening last, when two men held up and stole a watch and other valuables from Mr. E. O. Cole, at Fourteenth and Franklin Streets, where about ten days ago a similar robbery took place. In the Police Court yesterday Isaac Jones, a brakeman on the Chesapeake and Ohio and formerly a United States soldier and "Kid" Duffy, a prize fighter from Cincinnati, were identified as the two robbers and were bound over to Hustings Court in the sum of 330 each. Incidentally Cole was turned over to the custody of jall officials to be kept as a witness against the two young men.

According to the evidence adduced in court "Did" Duffy struck Cole and Jones robbed him. They got a watch, which had just been swapped by Jones to Cole, some coin and a few other valuables. In court Cole was positive of the identity

"Cascarets will clear the complexion of boils, pimples and blackheads caused by impure blood."—A. E. Griffin, M. D., Stubblefield, Texas. "Cascarots have done a great deal of good for me and for all our family." - Miss Florence Cook, Webster City, Ia.

Beauty's Blood Deep

How untrue the old adage "Beauty's Skin Deep." How many women of beautiful features marred by impure blood try in vain to get a pure complexion by doctoring the skin. The quickest, surest, only way to beauty is to cleanse the blood.

"I must add my testimonial to your valuable medicine Cascarets for summer trouble." — Irene Ackerman (famous singer, 20 West Fifteenth Strees, New York, "I have been taking Cascarets for pimples and have been greatly benefited."

"I am very well pleased with Cascarets. They are fine for the complexion."

— Miss Catherine C. Coffman, S. English, Is.

"I was antering with sick headaches a great deal, but after taking a box of Cascarots, an entirely cured." Miss Clara Stimmel, 229 So. Sandusky Street, Delawate Ohio.

"Cascarets did me a world of good. Mr liver was in bad condition for sume time and one bor cured me."

Miss Nabel Allen, Clare, Michigan.

How many, many young women are anaemic, pale, sickly-looking, perhaps with pimples on face and neck, owing to poor, unhealthy blood. Perhaps womanhood is approaching, that serious time of life when irregularities are liable to break down a constitution. The first rule for purifying and enriching the blood is to keep the bowels free and natural, gently but positively, without nervous shock, and Cascarets Caudy Cathartic is the only medicine to do it.

CAPT. PIZZINI'S BIG PURCHASE

Buys Square Near the Natatorium; to Make \$30,-000 Improvements.

Captain Andrew Pizzini, Jr., has purchased a square or more of land adjoining his natatorium at the Reservoir. The price is \$4,911.57.

This property is on the north side of Dance Street, extending from the east side of Cedar Street to the west side of Elm Street, making altogether one of the Elm Street, making altogether one of the largest tracts of land sold near Richmond for quite a while. The property was bought through Messrs. J. B. Elam and Company from Mrs. Ella J. St. John. Captain Pizzini said last night that it was his pian to construct on this land and the other which he has already beautiful that the captage in the system of and the other which he has already bought near the natatorium his system of amusements. The toboggan silde will be built in part on the land purchased yesterday. It will cost about \$12,000. Work on it has already been begun. Mr. Stephen E. Jackson, of Coney Island, will have direction of the construction of

these amusements. His personal repre-sentative is already here, Mr. Jackson comes later.

The entire surroundings at the east side of the Reservoir Lake will have changed because the content of the reservoir because the reservoir becaus by late spring. Everything will center about the natatorium. Here is a list of the new amusements that will be provided by summer: Toboggan slide, merry-goround, improved shooting gallery, bowlround, improved shoulding gatery, cowring alley, shuffle board, vitascepe and the eleven old maids, something entirely new here. Last of all will be the restaurant, which will be in the grove, and the only member of the Pizzini group which will be separated from the lot. This latter will be a very handsome struc-ture. The entire improvement to be made this spring will cost \$30,000. They will cover ten acres. The cost of the nata-torium alone was \$25,000. This will give the plant an aggregate cost of no less
